

Dear Erasmus coordinator,

Fontys University of Applied Sciences in Eindhoven, The Netherlands promotes the exchange of students doing educational semesters in many European countries within the ERASMUS+-program which is a real asset for our students. Of course, our university also welcomes your students to study at Fontys University departments of Engineering or ICT. Also in the Fall semester of the academic year 2014/2015 we are pleased of having Exchange students from your university.

Students are welcome to choose from exchange programmes in one field of ICT or Engineering. [Academic data Fall semester: 18 August 2014 till 4 February 2015.](#)

The overview of Fontys Engineering and ICT programmes can be found at:

<http://fontys.edu/Short-term-programmes/Exchange-programmes/Engineering.htm> (for Engineering programs)

<http://fontys.edu/Short-term-programmes/Exchange-programmes/ICT.htm> (for ICT programs)

Application procedure

Applications to exchange programmes have to be submitted entirely online.

We prefer to receive a nomination message beforehand from you, informing us about *the name, e-mail address and preferred Exchange programme* of your student.

Deadline for applying: 15 May 2014. Late applications won't be accepted.

Once we have received the nomination, we'll send your student a link to an online application form. The system he/she will be applying in is called "Mobility Online".

Please keep in mind that students need to be nominated by you first before they are allowed to fill out the application form.

We will make admission decisions after the application deadline.

In case of questions, feel free to approach us by e-mail.

Looking forward to receiving your early reply.

Kind regards,

Ella van der Sanden, Head Fontys University ICT College

Leo Maessen, Head Fontys University Engineering College
