#### **Application procedures and forms**

On our [website](#), you will find our application procedures and forms. In attachment, please find also our institutional data sheet.

#### **Taught Language**

Furthermore, please note that most of our courses are **taught in French** (especially in bachelor degree), so please check that the students you are selecting have a good command of the French language (LEVEL B2 is required).

We offer an introduction course before the beginning of each semester. Students can attend French classes during 7 days. To know more : [http://www2.unine.ch/mobilite/page-3593\\_en\\_US.html](http://www2.unine.ch/mobilite/page-3593_en_US.html) . During the semester we also offer weekly [courses for non-French speakers](#).

Some courses are offered **in English**, please see the attachment.

#### **Scholarships**

Due to the peculiar status of Switzerland in the Erasmus+ programme (not a member but a partner country), we remind you that the activities from and to Switzerland mentioned in our Erasmus+ or SEMP contract are funded by the Swiss Government. You will find the exact amount of the scholarships we offer to your students in the enclosed pdf sheet (ERA-Grants 2015...), section *incoming* (one semester = 5 months and one full academic year = 10 months).

#### **Leaflet**

To know more about the University of Neuchâtel and encourage your students to think about our university as a host university for a fruitful exchange, we attach our leaflet too.
