

we would like to inform you about important changes in our organisation.

Here are the following procedures we are going to adopt from this Fall :

- From now on, we need to receive for all exchange students a certification of their language level both in English and in French regarding the lectures choosen.

Level B2 is the minimum required.

- Your students will be allowed to follow all lectures in the Faculty of law and in the Faculty of administration and communication.

They will be allowed to take one lecture per semester in the School of management except the ones taught in English. In the School of economics they will be allowed to take all courses from the 1st year to the 2nd year and only one course per semester from the 3rd year to the Master 1 (find enclosed the list of courses for the School of economics).
